September 1st, 2016

THIS PACKAGE INCLUDES THE FOLLOWING ITEMS:

Pliers (1)

HOBO Pendants 64K Temperature Data Loggers (4)

Onset Manual (1)

Zip ties (10)

INSTRUCTIONS FOR HOBO DATA LOGGERS:

HOBOS have been pre-programmed to start on September 5th, 2016 at 12:00 pm. When you remove your HOBOS from the package a green light should flash every 8 seconds (indicating a delayed start time).

Please attach one HOBO to each new gear type and one existing gear type with two zip ties: one through the top loop and one around the body of the device.

The HOBO will record temperature every 10 minutes for approximately 1 year.

At this time next year, we will send you a pre-paid return envelope for you to ship the HOBOS back to our office so we can retrieve the data from the devices.

NOTE: Please do not use an abrasive material to clean or de-foul the outside of the HOBO. Any damage to the casing will prevent computer read-out of data.

Please contact Bobbi Hudson at our office (360)-754-2741 if you have any further questions.

Thank you for your participation!
