

Pet Waste Survey
Field Observations Journal

Name: _____

Field Trip Guidelines

- 🐾 Stay with your group**
- 🐾 Walking, please.**
- 🐾 Stay on the sidewalk on the way to the park**
- 🐾 Cross streets carefully and as a group**
- 🐾 Remain quiet while guest speakers are talking**

Preparing for Your Field Trip

My questions:

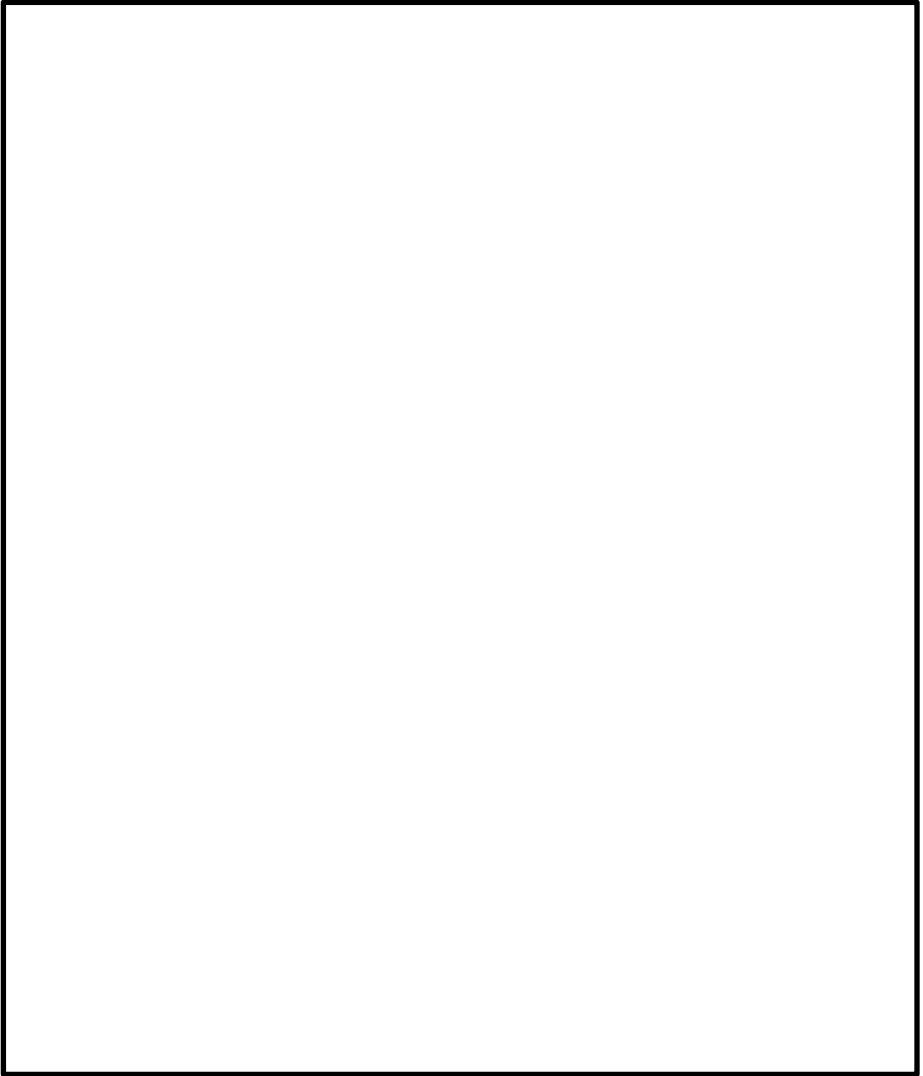

1. _____

2. _____

3. _____

Observations – What I See!

Sketch a map of the park. Label relevant features (i.e. dog waste stations, garbage cans, storm drains, dog waste)

A large, empty rectangular box with a black border, intended for a student to draw a map of a park. The box is currently blank.

Data Sheet

Tally the number of dog waste piles flagged

--

Total number of piles: _____

Total number of dog waste stations: _____

Did the stations include signs? _____

Total number of garbage cans: _____

Total number of dogs observed: _____

Did you observe any dogs pooping? _____

If so, did the owners Bag It and Trash It?: _____

Other Observations (i.e. trash, dogs off-leash,
presence/absence of park users, etc.):

Reflections on your field survey

Now I'm wondering...

Why do you think dog owners Scoop It & Trash It?

Why do you think some dog owners don't?

Why is it important to Scoop It and Trash It?

Take Action!

Name 1-2 actions that you can take to prevent
dog waste from flowing into Puget Sound
(Even if you don't own a dog!)

1. _____

2. _____
